ABOUT US

MSG Oilfield Equipment Trading LLC was established with a vision to supply High Quality Industrial Products and Equipments in the field of Energy, Petrochemicals and Oil & Gas industries in the Middle East region. Our motto is to provide superior grade materials.

MSG Oilfield Equipment Trading LLC

comprises of technical teams with highly qualified engineers along with highly trained creative professionals. MSG Oilfield Equipment Trading LLC consists of visionary people who endeavour to deliver excellent and professional services.

MSG Oilfield Equipment Trading LLC is enthusiastic in partnering with organizations who share the same aim of providing exceptional customer solutions. Our passion towards rendering exceptional services comes from our core standards which play an integral role in our progress. Our company's work, ethics and culture drives us to build long-lasting relationships with our clients and elevates and empowers our business.

MSG Oilfield Equipment Trading LLC Specializing in Industrial Products. we, at are in constant process of enhancing our capabilities and expanding our portfolio to serve our customers with excellence. Strategically placed in the Middle Eastern region, our business allows us to ship our products globally. MSG Oilfield Equipment Trading LLC understands the need for Quality Assurance and Quality Control and hence, cautionary measures are taken to avoid discrepancies from the initial stage of any transaction.

MSG Oilfield Equipment Trading LLC believes in transparency while commencing business activities. All relevant technical data sheet and test certificates are be furnished to the clients for thorough perusal. As a company possessing business ethics, good quality is always of the highest priority for us.

VISION

To become the leading company in the field of oil and gas.

MISSION

To provide exceptional quality services, upgrade frequently and set new benchmarks in the industry.

KNOWLEDGE

To acquire and implement the knowledge for procuring better products and rendering quality services.

SOLUTION

To investigate and solve intriguing issues for our customers.

SKILL

To possess and hone skilful and experienced team members with an aim to deliver quality services and achieve customer satisfaction.

QUALITY

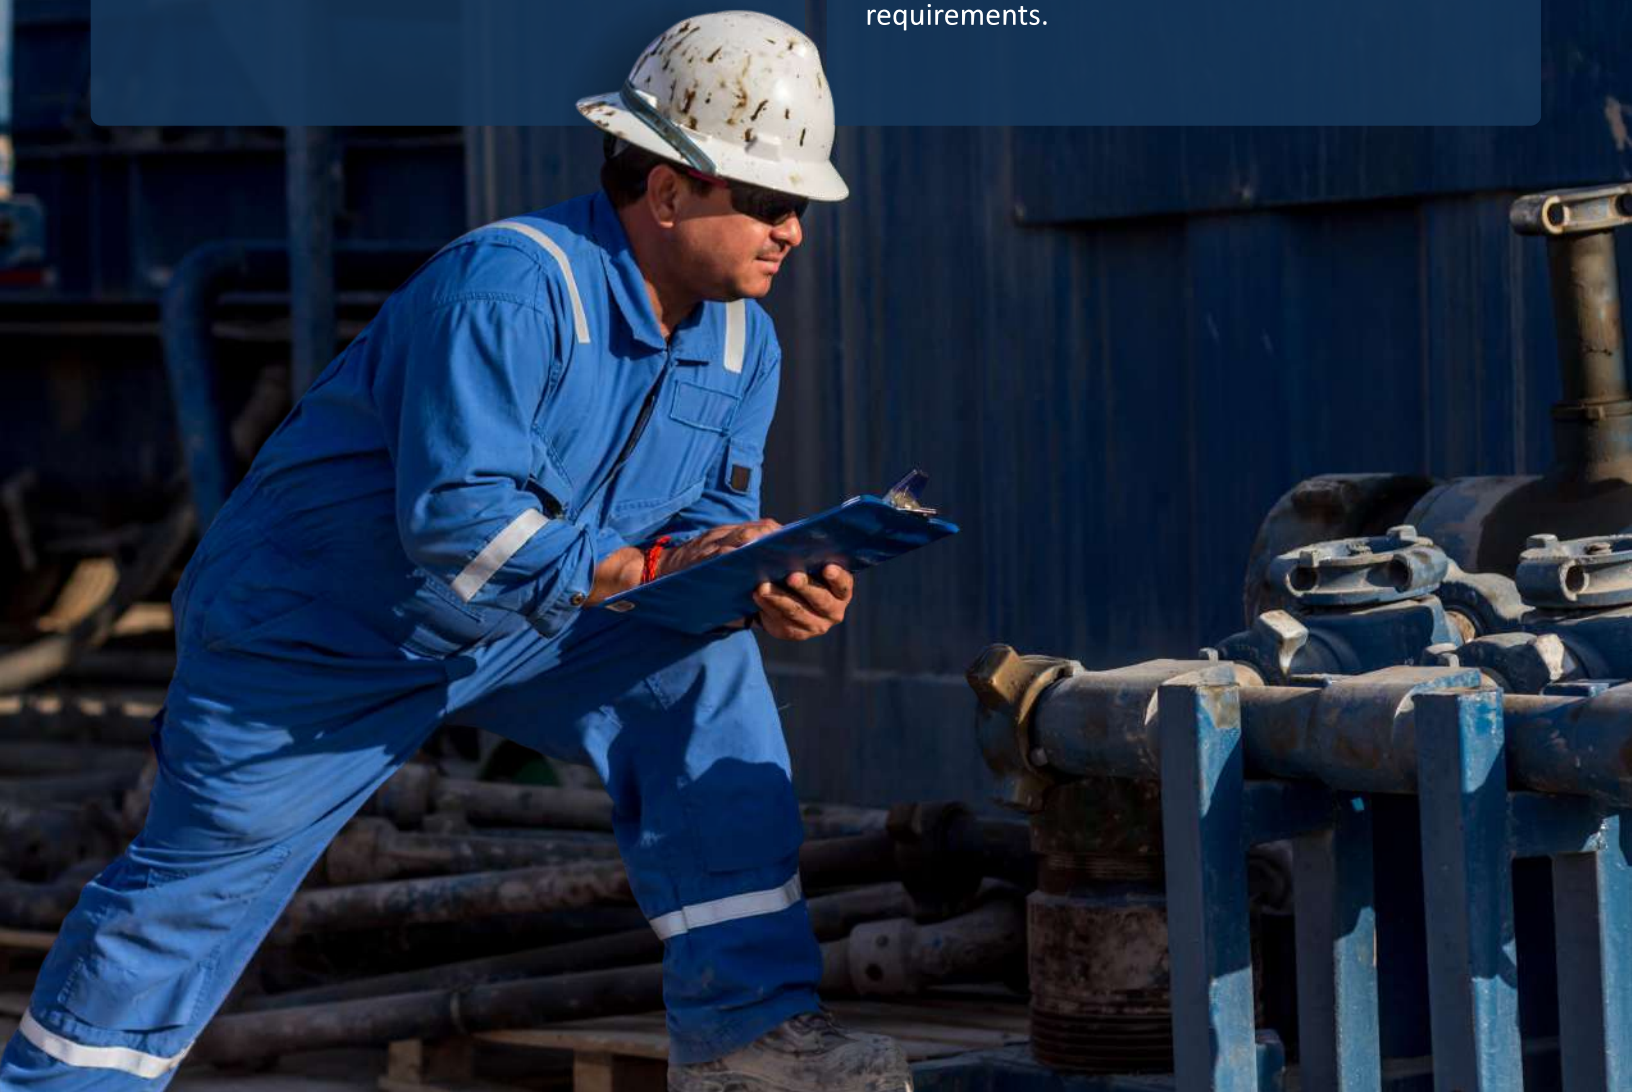

To possess supreme quality products and efficient manpower that define MSG Oilfield Equipment Trading LLC's core values.

EXCELLENCE

To supplye the appropriate materials within the stipulated period of time.

SERVICE

To aid our well-organized team members in catering to the clients' needs and requirements.

OUR PRODUCTS AND SERVICES

MSG Oilfield Equipment Trading LLC specializes in products such as Pipes, Fittings, Flanges, Valves, Fasteners and Gaskets.

Our other items include heavy equipments such as Cranes, Pumps, Compressors, Motors, Strainers, Plates (Checker & Plain), Tools & Tackles, Grinding & Cutting Disc, Wires & Cables, Electrical Fittings as well as Welding Electrodes.

We also possess expertise in offering our services to source Coating of Pipes & Pipe Fittings. Also, we provide Spare Parts as per clients' needs.

Moreover, if our clients demand renewed products, we support our clients by advising and suggesting good quality refurbished equipments, as per their requirements, which can be project specific.

Pipes

Range : 1/2" to 96"

Execution : Seamless & Welded Pipes, ERW, HFW, SAW, DSAW, LSAW

Standards : API, ASTM/ASME, BS/ISO

Materials: Carbon Steel, Alloys, Stainless Steel, Duplex, Inconel, Titanium, Monel, Hastalloy

Grade : APISLB, A106 Gr B, APISL Gr X42, X52, X60, X65, X70, A333 Gr 6, A333 Gr 3,

A671 CC65, A335 P5, P9, P11, P22, P91, A312,

Gr 316/316L, 304/304L, 321/321H, 347/347H, A790 UNS S31803, S32750 / S32760, 6Moly, 310, 317L, 319TI, 904L, Alloy 400, 625, 825, C70600, C70620

Specials : Finned Tubes, Head Exchangers, Tubes & Duplex Tubing

Coating : Polythene, Epoxy, Galvanized, 3LPE Cement Lining Galvanized (ASTM153, ASTM123) Electro galvanizing

Flanges

Range : 1/2" to 96" 150# to 2500#, 3000psi to 10,000 psi. As per standard Wide Range of thickness & Spec.

Type : Weldneck, Socketweld, Blind, Threaded, Slipon.

Standards : API, ASTM/ASME, ISO.

Materials : Carbon Steel, Alloys, Stainless Steel, Duplex, Super Duplex, Inconel, Titanium, Monel, Hastalloy

Grade : A105, A350 LF2, LF3, LF6, A182 F316, 304/304L, F316/316L, F11, F12, F22, F51, F53, F55, High Yield F42 to F70, Inconel 625/825.

Special : Spectacle Blinds, Drip Rings, Long Weldnecks, Nozzles, Insulation Flanges, Anchor Flange, Swivel Flange, Orifice Flange, Nippoflanges.

Fittings

Range : 1/2" to 96" Standard & Special Wall Thickness

Ends : Buttweld, Socketweld, Plainends, Threaded

Standard : ANSI/ASME, MSS SP/ISO.

Materials : Carbon Steel, Alloys, Stainless Steel, Duplex, Super Duplex, Titanium, Monel, Hastalloy

Grade : WPB, WPL6, A105, LF2

WPHY 42/52/60/65/70

WP304/304L, 316/316L

UNS S31803, S32205, 32750, S32760, Alloy 625/825,

WP11, WP22, WP91, 321/321H, 347/347H

Special : Barred & Barrel Flow Tees, Large Radius Bends, Sweep Bends, Stub Ends, Laterals.

Valves

Range : 1/2" to 48" — #150 lbs thru #2500 lbs Flanged, Threaded, Socketweld & Buttweld Connections

Ball : Floating & Trunnion Execution, Split Body, Top Entry, Side Entry, Fully Welded

Standard : BS5351, API 6D and API 6A

Gate, Globe, Check : Forged & Castings

Standards : BS5352, BS1414, BS1873, BS1868, API 6D, API 602/600 and equivalent ISO standards

Butterfly : Regular & Offset design. Castiron & Caststeel Execution

Standards : BS5155, API609

Construction : Wafer Type, Semi-lug, Single & Double Flanged

Materials & Grades : A105N, WCB, WCC, LF2, LCB, LCC, F316L, F304L, F321, CF8, CF8C, CF8NM, F5, F9, F11, F51, F53, 625/825 Alloys

Specials : Metal Seated valves, Cryogenic Valves, Actuated Valves, Exotic Alloy Valves

Coating : Polythene, Epoxy, Cement Lined

Operation : Lever, Gear, Hydraulic, Electric Movement, Motor Operated

Fasteners & Gaskets

Range of Fasteners : 1/4" to 4" dia. Wide range of length.

Bolt Types : Fully and partially Threaded Stud bolt complete with nuts

Bolt Material & Grades : = B7/2H, B7M/2HM & L7/4 L7M/7M, B8/Gr8, B8M/Gr.8M

Special : U-Bolts, Anchor Bolts, Hex Bolts, Bi-Hex Bolts, Rods

Coating : Galvanized, XYLAN, PTFE, Cadmium Plated

Range of Gaskets : 1/2" to 96"

PR Rating : As per customer's requirement

Type : Spiral Wound, Ring Joint, Tanged Insert, PTFE Product, Rubber Sheets, Insulation Kits

Material : Carbon Steel, Stainless Steel, Duplex, Super Duplex

Special Products

- Isolation Joints
- Corrosion Coupons & Injection Quills
- Nozzles and Special Forgings
- End Closures
- Pressure Vessels
- Pig Launcher & Receiver
- Cladding Works
- Dish Ends
- Test Rings/ Spectical Blinds/ Spade & Spacers
- Welding Consumables

SERVICES

Fabrication & Coating

As we understand our customers requirements, we extend our services by outsourcing and providing the following material modifications:

- Galvanizing
- Machining from Higher Wall thicknesses to lower ones
- Epoxy Coating
- Cement Mortar Lining
- FBE Coating

We can supply locally fabricated Spectacle Blinds, Spacer Rings, Insulation kits, Pipe Nipples etc.

Testing & Inspection

With our vast experience, we are well aware of the testing and inspection requirements of our Clientele. We can arrange for Third party inspections on customer requests. Depending on our customers requirements we can outsource all kinds of relevant testing such as :

- SSCC (Sulphide Stress Corrosion Cracking)
- HIC (Hydrogen Induced Cracking)
- Various Mechanical (Bend Test, Ultimate Tenstile Test etc.), Chemical Analysis, Impact Test, Grain size.
- Various NDE (Non-destructive examinations) such as UT (Ultrasonic Testing Examination), Radiography, LPE (Liquid Penetrant Examination), MPE (Magnetic Particle Examination), PMI (Positive Material Identification) etc.

LOGISTIC SUPPORT

Documentation

We have appointed a dedicated Documentation Controller in order to provide our customers with the accurate documentation required for Customs, Border Clearance, Export, Import, etc.

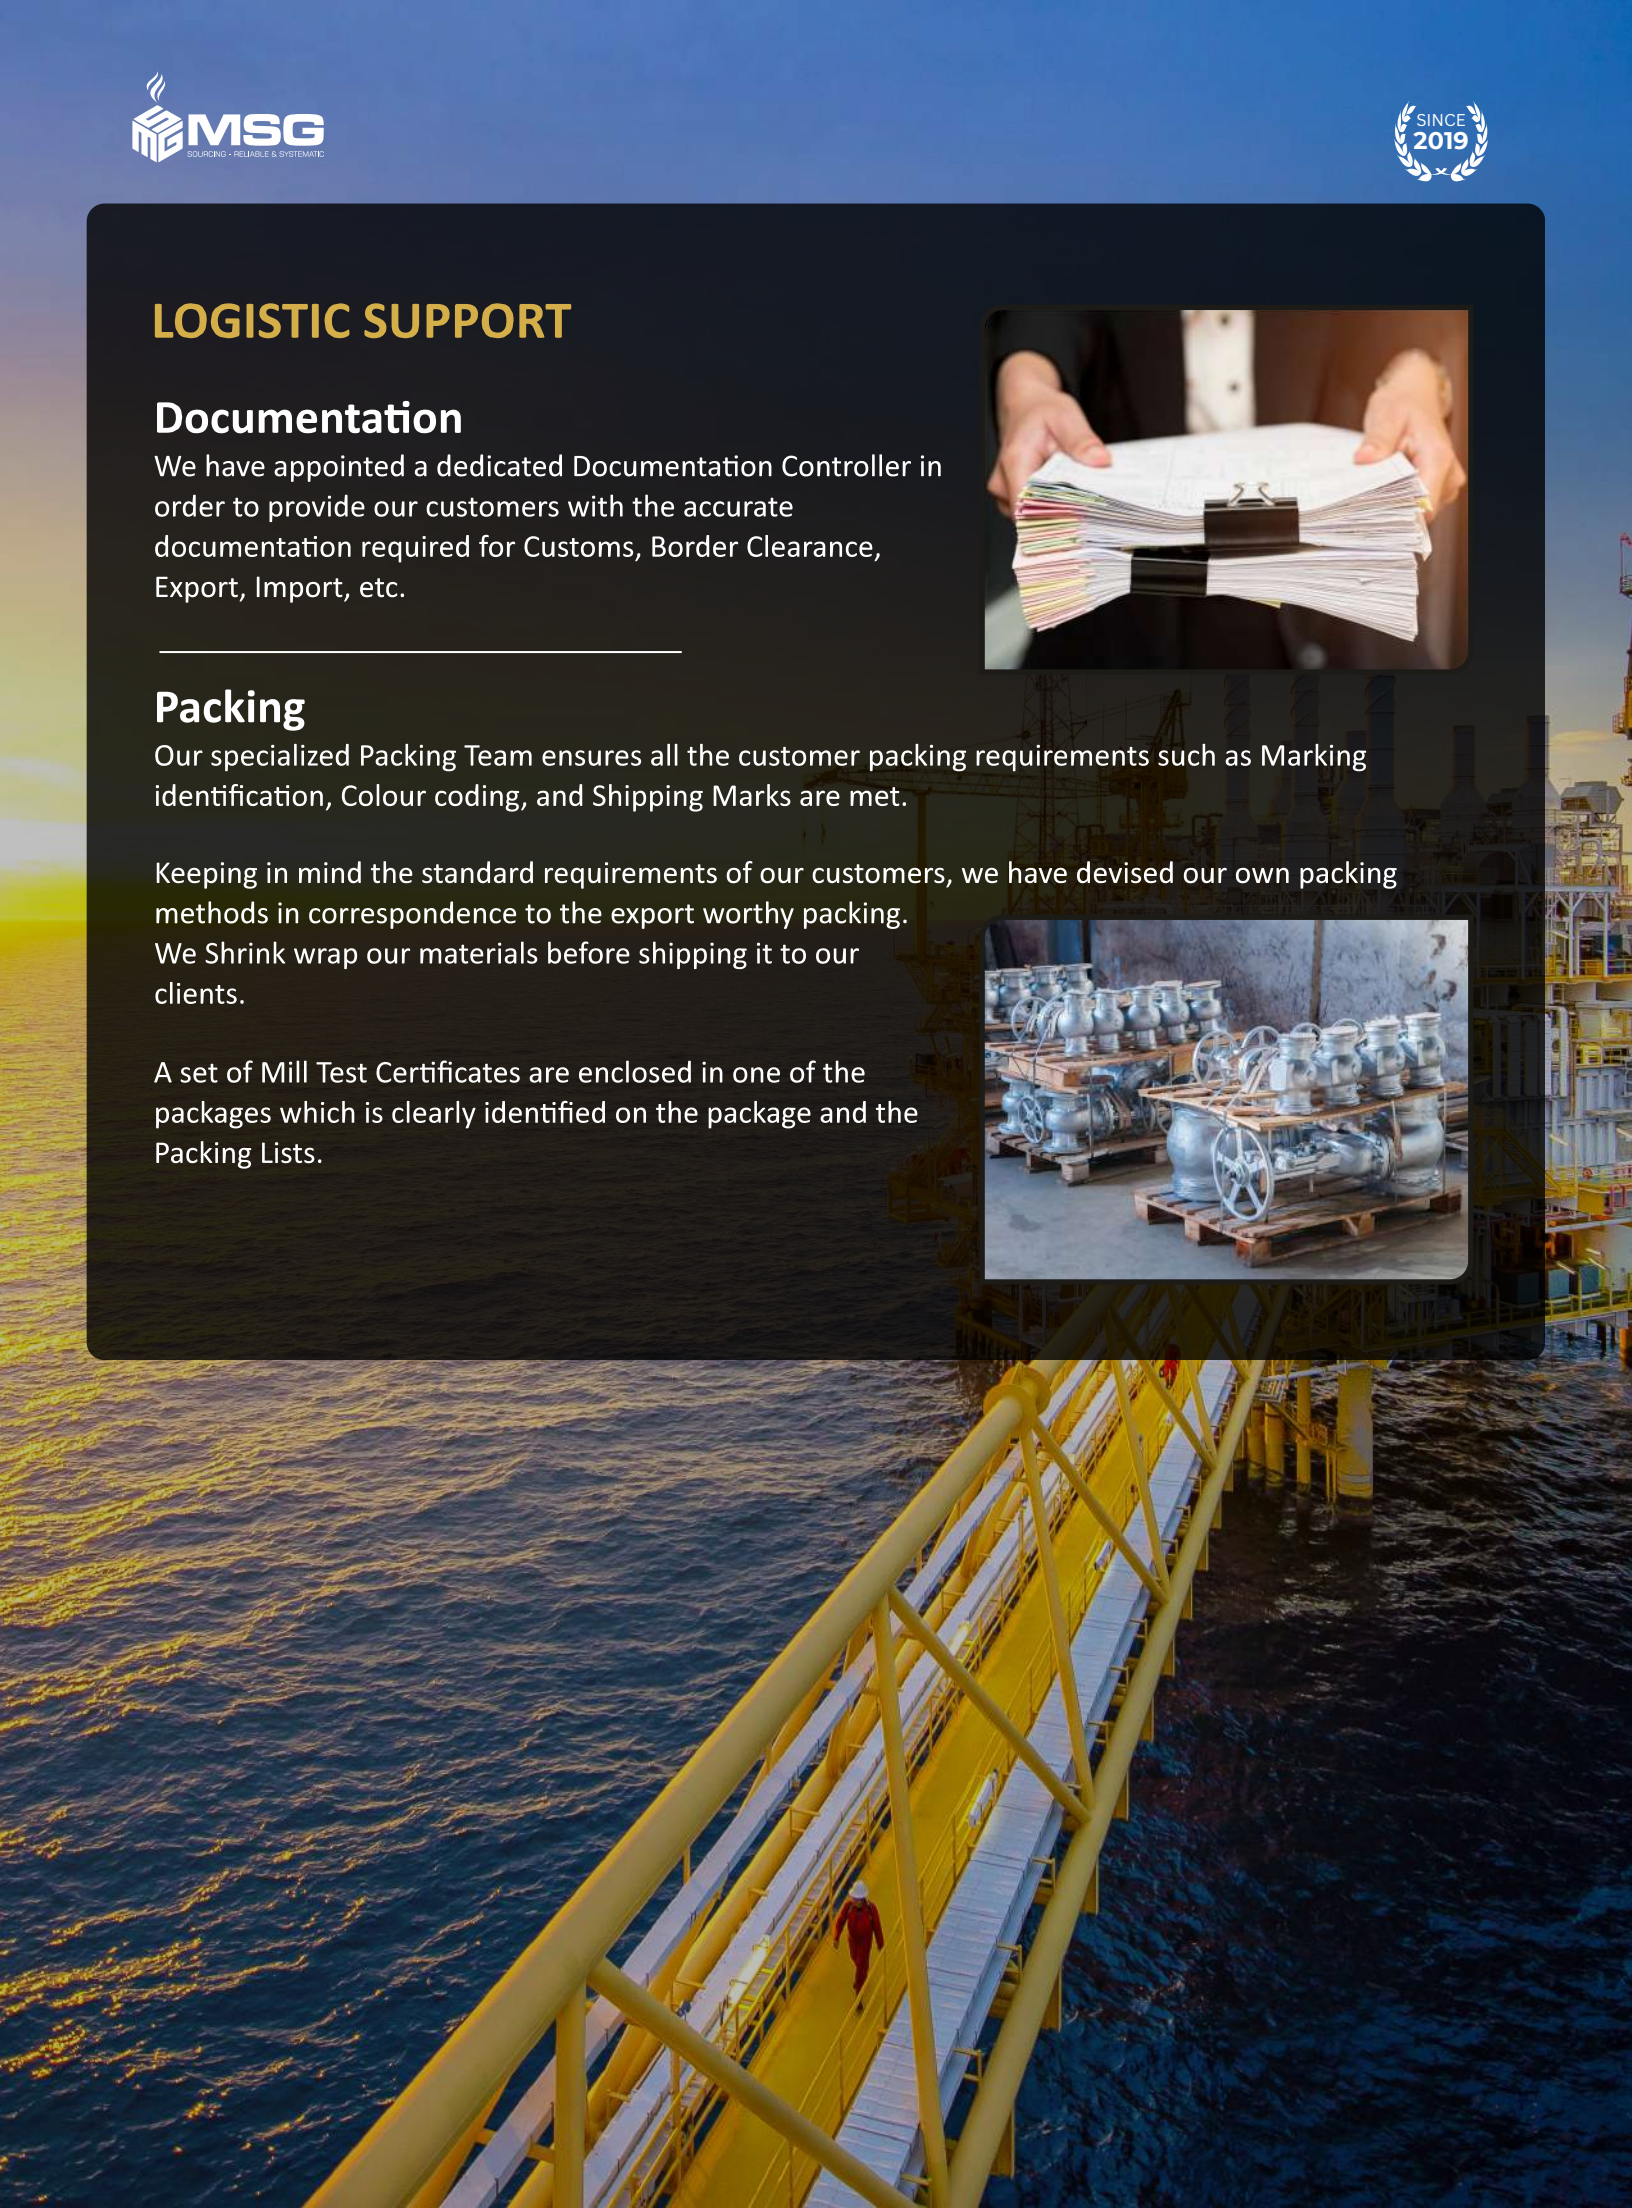

Packing

Our specialized Packing Team ensures all the customer packing requirements such as Marking identification, Colour coding, and Shipping Marks are met.

Keeping in mind the standard requirements of our customers, we have devised our own packing methods in correspondence to the export worthy packing. We Shrink wrap our materials before shipping it to our clients.

A set of Mill Test Certificates are enclosed in one of the packages which is clearly identified on the package and the Packing Lists.
